# COMPLETE MACHINE SHOP SERVICES

Specialist in Wire / Conventional Sinker  
and Fast Hole Electrical Discharge Machining

**An ISO 9001/AS9100 Certified Company**  
**NADCAP Accredited, DDTC (ITAR) Registered**

**QUALITY EDM, INC.**

[www.QualityEDM.com](http://www.QualityEDM.com)

**An ISO 9001 / AS9100 Certified Company,  
NADCAP Accredited, DDTC (ITAR) Registered**

Specialist in Wire, Conventional Sinker and Fast-Hole Electrical Discharge Machining  
Includes EDM fine wire precision wire, hydraulic sleeves, slide work, mechanical joints,  
surgical stents, thrust injectors for space satellites, bellows for radar & components up  
to 6 ft. in length. Materials include aluminum, steel, stainless steel, & exotic metals.  
Serves aircraft & aerospace, missile component, medical and surgical markets.

**Fast and accurate holes up to 6" long  
with our Fast-Hole EDM Machines!**

- Hydraulic components such as sleeves, slides, and manifolds with close tolerance metering slots.
- Intricate satellite components, commercial space projects and microwave industries.
- Laser components such as nozzles, bodies, veins, and heads.
- Short and long run production machining
- Medical and dental components and tools
- Prototype tooling

**Contura G2 helps Quality EDM with AS9100 Certification**

Quality EDM, Inc. was founded in 1993 in Yorba Linda, CA by Mr. Michael Gervais, who has a long history of Electrical Discharge Machining (EDM) experience, and has established one of the largest EDM shops in Orange County.

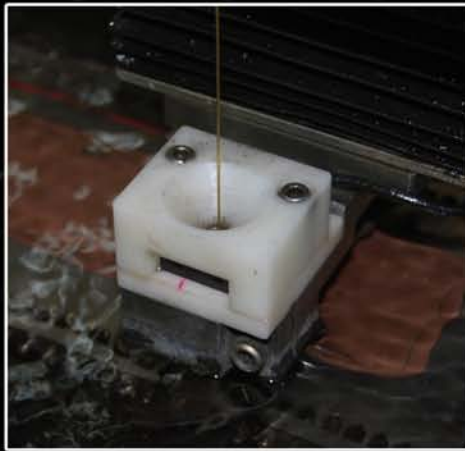

Starting with only three EDM machines, Quality EDM, Inc. has grown to many wire and sinker EDM machines with complete machines shop services. Quality EDM, Inc. has grown to become one of the most prominent EDM shops in Southern California servicing the commercial and aerospace industry. Quality EDM, Inc. takes pride in its quality ratings and on time deliveries.

Leading the industry in all aspects of electrical discharge machining, Quality EDM, Inc. utilizes state of the art equipment in order to maintain the closest tolerances. Our work speaks for itself. *That's why 3M, Nobel Biocare, Boeing, L3, Hamilton Sundstrand, GE Aviation, Eaton, Moog, Parker Hannifin and a host of other companies, call on us to handle their EDM needs.*

*Hydraulic manifold for a helicopter being measured on Zeiss CMM.*

At Quality EDM, we are continually expanding our capabilities to bring our customers the best service possible. That's why we are pleased to announce that we now offer high-speed milling, which enables high-volume production for close tolerance and detailed work. If your application requires precision milling, we are now equipped to meet your needs, and look forward to exceeding your expectations!

- Just-In-Time (JIT) Delivery
- Rapid Prototyping
- Low Volume to High Volume Production
- High Production Parts for the Medical/Surgical, Aerospace/Missile, Commercial/Military, Microwave
